## **Apostolic Church Ministry Overview**

### **I. God Is Shifting the Foundation of The Church from Pastoral to Apostolic**

Reformation 2.0 and the coming harvest require a new kind of church.  
This new breed of church mobilizes every member for maximized ministry.  
This ministry is expressed in the church and every sphere of life.

### **II. The Biblical Basis for Apostolic Church Ministry: Ephesians 4:7-16**

These gifts were given at the same time, for the same purpose, until???

The Apostle is a “sent one who sends” – a master mobilizer of the saints.  
The purpose was a fully functioning church with every member serving.

### **III. The Church Must Cultivate an Apostolic Mindset and Ministry Strategy**

We must adopt apostolic values and minimize other competing values.  
We must fire on all cylinders with a slight priority given to the Apostolic.  
Apostolic Culture requires the full, fruitful functioning of all the other gifts.

### **IV. Apostolic Shift Begins with The Identification and Minimization of Opposing Ideas and Systems**

**Beliefs:** Reexamine your purpose, vision and mission statements to identify shortfalls.

**Values:** List your current core values to see how they align with an apostolic vision.

**Priorities:** Look at your budget, calendar and allocation of leader resources.

**Lifestyles:** The lifestyle of your average member will indicate your need to shift.

**Ministries:** Are your current ministries mobilizing people at maximum effectiveness?

## V. How to Develop an Apostolic Ecosystem in The Local Church

**Mandate:** Reset your vision and mission to build an Apostolic Ecosystem

**Motivation:** Institute Destiny Finder and use it as a primary personal motivator.

**Mobilization:** Shift your leaders and workers to match their God-given destinies.

**Momentum:** Strive for increasing Effectiveness, Efficiency and Excellence in all areas

**Multiplication:** Train every leader and ministry in the art of reproduction.
